

## Army Techniques Publication Atp 4-46 (FM 4-20.64) Contingency Fatality Operations December 2014 (Paperback)

By United States Government Us Army

Createspace, United States, 2015. Paperback. Condition: New. Language: English. Brand new Book. This publication, Army Techniques Publication ATP 4-46 (FM 4-20.64) Contingency Fatality Operations December 2014, revises field manual (FM) 4-20.64, Mortuary Affairs Operations. It provides a single, ready reference for units and Soldiers. The focus of the ATP is on techniques used by Soldiers, small unit leaders, civilians, contractors or host nation personnel physically responsible for handling, transporting, receiving, or storing human remains or personal effects (PE). This publication will address the new force design of the mortuary affairs units, and emphasize safety and the mortuary affairs reporting and tracking system (MARTS). The principal audience for ATP 4-46 is commanders, staffs, Soldiers at all levels, leaders, instructors, at military institutions, students, and doctrine and training developers. Trainers and educators throughout the Army will also use this publication. The title of ATP 4-46 has been changed to Contingency Fatality Operations to appropriately reflect the actual intended focus and content of the manual. ATP 4-46, Contingency Fatality Operations, serves as a planning and operations guide for all personnel involved in mortuary affairs (MA) within a theater of operations (TO). MA provides for the search, recovery, identification, preparation, and disposition of human...
